HARSH KUMAR SINGH

BCA Second-Year Student | Aspiring Web Developer

Email: your-email@example.com | Phone: +91-XXXXXXXXXX

PROFILE

Motivated BCA second-year student interested in web development and software technology. Building a foundation in HTML, CSS, JavaScript, C and C++, with a focus on creating clean, user-friendly web pages and continuously improving practical coding skills.

EDUCATION

Bachelor of Computer Applications (BCA)
Second Year | Expected Year of Passing: 2028

TECHNICAL SKILLS

- HTML5 and CSS3
- JavaScript fundamentals
- C and C++ programming fundamentals
- Responsive web design basics
- VS Code and browser developer tools (if used)

PROJECTS & PRACTICE

Personal Portfolio Website
Created a responsive portfolio website using HTML and CSS to introduce myself, present skills and practice projects, and provide access to a downloadable resume.

Web Development Practice
Learning to build simple web pages and interactive projects while improving layout, styling, and programming fundamentals.

STRENGTHS

- Willingness to learn new technologies
- Problem-solving and logical thinking
- Attention to detail
- Consistent self-learning and practice

CAREER OBJECTIVE

To strengthen my technical knowledge through practical projects and grow into a skilled web developer.

Before sharing, replace the sample email and phone number with your real contact details. Keep only skills and project claims that accurately reflect your experience.
